

**LISTE PROVISOIRE DES PARTICIPANTS  
TEMPORARY LIST OF PARTICIPANTS**

**ELECTRONIC APPARATUS NV**

electronic apparatus is a supplier of advanced high-tech printed circuit boards

**Belgium**

**AMBASSADE DU CANADA - DÉLÉGATION COMMERCIALE**

Trade representation

**Canada**

**MECACHROME**

Machining, assembly and sub-assembly of complex aeronautical parts (aeroengines & aerostructures).

**Canada**

**A2C AIR COST CONTROL SAS**

Supply of electrical parts for the aerospace market

**France**

**AEROSPACE CLUSTER IN RHONE-ALPES**

Main competences

- \* Embedded electronics
- \* Special machines (especially for composites)
- \* Design, calculation, tests and qualification
- \* Mechanics, plastics and composites parts and sub-units

**France**

**ALCOA FASTENING SYSTEMS**

Alcoa Fastening Systems, a business unit of Alcoa, is a leading worldwide designer and manufacturer of specialty fasteners, nut and frangible collar systems, fluid fittings, assembly components and installation tools for aerospace and commercial applications

**France**

**ASM TECHNOLOGIES**

Engineering Specialist in Education  
Mechanical, software development and Technical Documentation

**France**

**AUBERT & DUVAL**

Aubert & Duval (A&D), a member of the Eramet Group, provides advanced metallurgical solutions in the form of parts or long products required for projects in the most demanding industries including aerospace, energy, industrial tool steels, motor racing, medical...

Our core activity is developing, melting and hot processing (open and closed-die forging and rolling, casting or powder metallurgy) special steels, superalloys, aluminium alloys and titanium alloys which need to meet our clients' stronger specifications.

**France**

**SABCA**

Aeronautical constructions, structures, servo-controls. Maintenance and upgrading of military aircraft.

**Belgium**

**BOMBARDIER AERONAUTIQUE**

A world-leading manufacturer of innovative transportation solutions, from commercial aircraft and business jets to rail transportation equipment, systems and services

**Canada**

**NTS**

Innovative engineering Design  
Aircraft interior Design / Aerospace project Design  
CAD/CAM, PLM services (Catia & ENOVIA Specialist)  
Reverse engineering  
Prototyping

**Canada**

**AERAZUR**

Aerazur has been devoted to the design, development and manufacture of high quality safety and survival equipment, mainly to the aerospace industry, the armed forces and the armament industry

**France**

**AIRBUS FRANCE SAS**

Aircraft manufacturer

**France**

**AMPHENOL AIR LB**

Amphenol Air LB (AALBF) is a world leading manufacturer of high performance standard and custom interconnect solutions and accessories for wiring and fixing

**France**

**ATR**

Turboprop Aircraft Manufacturer

**France**

**AUXITROL SA, ESTERLINE ADVANCED SENSORS**

Design and manufacture high-precision temperature and pressure sensors, liquid level and various other measuring devices

**France**

**LISTE PROVISOIRE DES PARTICIPANTS**

**AVIATEC**

Tapes/Adhesives, lubricants, sealants, paints/primers, protection...

France

**CHICAGO PNEUMATIC/DESSOUTER**

Industrial air tools

France

**CLERC INDUSTRIES**

Specializes in cutting and CNC machining of high precision, Clerc Industries produces mechanical parts in small, medium or large series, in all types of materials.

France

**DASSAULT AVIATION**

Manufacturing of business jets and fighters

France

**DELTECH SARL**

Design, production and supplies to industries Surface Treatment:

- Masking: caps, caps for surface treatment and painting
- Masking: wide range of masking tape technique for painting, masking surface treatments, sandblasting masking ...
- Hooks and swing paint
- Carriers titanium and aluminum surface treatment
- Measuring instruments
- Mesh protective plastic

France

**DIMOTRANS OVERSEAS**

Logistics

France

**ECE**

world leader in electrical distribution board

France

**ERMA ELECTRONIQUE**

Studies and realization of electrical assemblies, electronic and mechanical industrial or harsh environments in global outsourcing of production

France

**GIFAS**

Trade organisation

France

**BLUE FIELD**

Trading and support for offset commitments

France

**CLEMESY AÉRONAUTIQUE & SPATIAL**

Electrical engineering, automation and mechanized systems

France

**DAHER AEROSPACE**

DAHER-SOCATA, the Group's aerospace division, has established an offer combining its fields of expertise: aircraft builder, aerostructures manufacturer and provider of industrial and logistical services

France

**DB VIB CONSULTING**

Vibration analysis - Sale of equipment vibration - Lineage industrial acoustics - Infrared Thermography - Balancing.

France

**DIAMOUTILS SAS**

Conception development in super abrasive diamond and cbn tools

France

**EADS ASTRIUM SPACE TRANSPORTATION**

Astrium is the first European space sector. 100% subsidiary of EADS, is dedicated to systems and services, civil and defense space (launchers and orbital infrastructure, satellites and ground systems, satellite communication equipment High Security)

France

**EOLANE**

Global electronic solutions

France

**GEFCO**

Logistics

France

**GROUPE ARM / SPMA**

ARM Group is today a major player in the world of machining, turning and assembling for markets with high specifications like Aerospace, Defense, Railways, Medical and Energy

France

**HALGAND SA**

Precision machining  
Industrial sheet metal working Aluminium sheet working  
Aeronautical assembly

France

**IEA SAS INTERNATIONAL**

Engineering aeronautics technical support

France

**LATECOERE**

Aerostructures, onboard wiring, engineering & services

France

**MECAHERS SA**

Tier 1 aeronautical partner : conception, development,  
manufacturing of aeronautical metallic simple parts & sub-  
assemblies

France

**NIEF PLASTIC GROUP**

Transformation of thermoplastic materials by injection and  
thermosetting materials by injection and compression. Insert  
Overmoulding. Dual material moulding. Machining. Tools for  
plastics

France

**RATIER-FIGEAC**

Propellers - Cockpit Equipment - Actuators - Maintenance and

France

**SAFRAN HQ**

Aerospace, Defence & Security Company

France

**SAT INDUSTRIAL HEATING EQUIPMENT**

Designer and manufacturer of industrial ovens & furnaces for every  
thermal processes up to 650°C

France

**SLTS - GESTION ET RÉALISATION DE PROJETS DE  
TÔLERIE INDUSTRIELLE**

SLTS has been a company specialized in technical sheet metal  
work over more than 30 years. It has been marketing global and  
innovative solutions with high requirements of quality for the  
aeronautics and defense, rail way, medical and equipment  
industries.

France

**HENRY JOHNSON SONS & CO LTD**

Certified customs broker and freight forwarder

France

**INDRAERO SIREN SAS**

Systems design, industrialisation, production and complete  
aeronautical integrations (structure, equipment and aircraft interior  
fitting).

France

**LIEBHERR AEROSPACE**

Development of air systems for all types of aircraft

France

**MULLER MACHINES FRANCE**

Muller Machines France, Founded in 1987, specializes in buying  
and selling a wide range of machine tools used conventional and  
CNC

France

**NOVINTEC**

Filtration and aerospace components

France

**SAFETY SAS**

Machining solutions improving production cost savings with quality  
and efficiency

France

**SAGEM DEFENSE SECURITE**

Sagem, is a high-tech company in the Safran group. It is a world or  
European leader in solutions and services in optronics, avionics,  
electronics and critical software for the civilian and military markets

France

**SERVICE CENTRES AERO**

Stockist and distributor in semi finished products in aluminium and  
titanium alloys

France

**SNECMA**

Aircraft Engines

France

**LISTE PROVISOIRE DES PARTICIPANTS

**SOCIÉTÉ DE GALVANOPLASTIE INDUSTRIELLE**

The aeronautical know-how in surface treatments for lights alloys

France

**SOFRANCE**

Filtration des fluides et gaz (air, huiles, carburants...) / Fluid and gaz filtration (air, oil, fuel,...)

France

**SPRING TECHNOLOGIES**

SPRING Technologies is a pioneer in developing and integrating PLM software/solutions for companies, who have an interest in increasing their productivity and reducing operating expense

France

**THALES AVIONICS ELECTRICAL SYSTEMS**

A major electronic systems company acting in areas such as defence, aerospace, airlines security and safety, information technology, and transportation ...

France

**TRAMEC AERO**

International trading of equipment and spare parts for the aerospace industry.  
Manufacturing antenna HF / SSB Tubular.

France

**ZODIAC INTERTECHNIQUE**

Fuel system

France

**EADS DEUSTSCHLAND GMBH**

Original Equipment Manufacturer (Civil and Military Aircrafts, helicopters, Satellites, Defence and Security Systems etc.)

Germany

**ALENIA AERONAUTICA SPA**

Alenia Aeronautica is the global player which leads the Finmeccanica aeronautics business by continuously increasing its ability to design, build, integrate and support complex systems for both commercial and defense markets worldwide

Italy

**METROLOGIA SPA**

The Gruppo Metrologia delivers competitive products and services for 3D metrology applications

Italy

**SOCOMORE**

SOCOMORE has been creating, manufacturing and commercialising expert solutions for the transport industries since 1972. Our solutions are used to prepare and protect metals and composite materials

France

**SOTIP**

Fine sheet metal working company

France

**THALES ALENIA SPACE**

Space systems maker: Télécommunication, Observation, Science Radar

France

**TIMET SAVOIE**

High quality titanium metal products.

France

**ZODIAC AEROSPACE PRECILEC**

Aerospace systems

France

**AERODATA AG**

Flight Inspection systems ; Air Traffic Control Organisations, Airports, Aircraft and Helicopter Operators

Germany

**HUNGARIAN INVESTMENT ANDRE TRADE AGENCY**

Support the foreign trade activities of small and mid-sized Hungarian businesses and promote investment in Hungary by foreign companies

Hungary

**AVIO SPA**

Aero engine manufacture

Italy

**A.O.C.M./P.N.**

Manufacturing, maintenance and distribution of sharp tools.

Morocco

**LISTE PROVISOIRE DES PARTICIPANTS  
TEMPORARY LIST OF PARTICIPANTS**

**ADER TECHNIQUE**

Sells machine tools with numerical control, new and used in the filing, milling, and grinding machines, sheet metal, press brakes, shears, rolling machines, CNC, safety devices for machine tools, solutions for industrial production, maintenance of machine tools and CNC training

**Morocco**

**ADHESIUM TECHNOLOGIES**

Specialized in PLM (Product Lifecycle Management), offering software solutions covering all the product's life cycle : conception, simulation, manufacturing, control

**Morocco**

**AIRCELLE MAROC**

Aircelle is one of the leading players in the global nacelle market

**Morocco**

**ALCOA FIXATIONS MAROC**

Alcoa Fastening Systems, a business unit of Alcoa, is a leading worldwide designer and manufacturer of specialty fasteners, nut and frangible collar systems, fluid fittings, assembly components and installation tools for aerospace and commercial applications

**Morocco**

**AMERIC LJJ**

Producer specialized in the manufacture of O-rings, lobed seals, bi-material rings (bonded seals) and seals with custom cross-sections and paths

**Morocco**

**BM ELECTRONIC SYSTEMS**

Wiring - test

**Morocco**

**CENTRE RÉGIONAL D'INVESTISSEMENT DU GRAND CASABLANCA**

Promotion of investment in Casablanca

**Morocco**

**DB SCHENKER MAROC**

Transport and Logistics

**Morocco**

**EFOA**

Tooling

**Morocco**

**ADELTEL MAROC**

Design, industrialization and manufacturing of electronics and software systems in harsh environments. Tier-2s 2 OEM. Electronic and software engineering. A vertically integrated stream for the 'Service for Electronics'

**Morocco**

**AEROTECHNIC INDUSTRIES**

Maintenance and overhaul

**Morocco**

**AIRTEC**

At AERTEC we contribute to this continuous improvement via our engineering work in industrial operations, aircraft systems and specific infrastructures

**Morocco**

**ALPHANUM**

High precision manufacturing : turning, milling, grinding

**Morocco**

**ATLANTIC AIR INDUSTRIES MAROC SARL**

Maintenance & repair of regional aircrafts : ATR, EMBRAER, HAWKER BEECHCRAFT

**Morocco**

**CASABLANCA AERONAUTIQUE**

Mechanical parts & assemblies, sheet metal working, fabrication, special piping, sub assembly of aerostructure. Engineering of toolings. Maintenance & repair of metallic and composite structures (all sorts of civil & military aircrafts)

**Morocco**

**CETIM MAROC DEVELOPPEMENT**

Technical center for mechanical industry

**Morocco**

**EADS MAROC AVIATION**

Manufacturing, Assembling of Metallic and composites aerostructures

**Morocco**

**MESURE AL BAIDA**

Precision machining - Engineering department, metrology

**Morocco**

**OB ELECTRONIQUE**

Electronic cards & assemblies

**Morocco**

**OXYPLAST**

Industrial coating

**Morocco**

**GACHES CHIMIE MAROC**

Promotion of specialty chemicals and conveniences

**Morocco**

**HELICONIA AERO SOLUTIONS**

Helicopter Morocco: transport and aerial work (helicopters)

**Morocco**

**KEP METAL TECH MAROC ( KMTM )**

The Division KEP METAL TECH is a key player in the aeronautic industry established by their production of brackets, metal parts for military and civil engines and Housing for Electronics and Avionics

**Morocco**

**LECTRA MAROC**

Lectra is the world leader in integrated technology solutions—software, CAD/CAM hardware, and associated services—specifically designed for industries using textiles, leather, industrial fabrics, or composites to manufacture their products. It serves major world markets such as fashion, automotive, and furniture, as well as a broad array of other industries including aeronautics, marine, wind turbine, and personal protective equipment.

**Morocco**

**MATIS AEROSPACE SAS**

Wires manufacturing & engines wiring

**Morocco**

**NEXANS MAROC**

Manufacture of electrical cables, transformers, electric cells and prefabricated substations

**Morocco**

**OFFICE NATIONAL DES AEROPORTS**

CAO prerogatives have gradually and progressively been extended to cover ultimately, in 1990, all airport's Air Navigation and services. This gradual competency reinforcement stems from a deliberate choice and a strategic vision which has guaranteed aviation sector's management successful independence. In 1990, by unanimous parliament vote, CAO became ONDA (Office National des Aeroports/National Airports authority). ONDA creation is success and evolution fruit which were necessary for its birth. It's development was crowned, in 1991, by Royal decision affiliating all Air Navigation services to ONDA, in order to consolidate its role for a larger action in favor of Air Aviation sector

**SNECMA MOROCCO ENGINE SERVICES S.M.E.S.**

SMES is a majority-owned subsidiary of Snecma, created in partnership with Royal Air Maroc. Located at the Casablanca international airport, SMES is specialized in the maintenance, repair and overhaul of CFM56-3 and CFM56-7 engines, as well as certain components and auxiliary power units (APU).

**Morocco**

**SOURIAU**

SOURIAU designs, manufactures and markets high performance - high reliability interconnect solutions for severe environments dedicated to the Aerospace, Defense / Space, Heavy Industry (Railway & Mass Transit, Nuclear, Oil & Gas) and Industrial Equipment markets

**Morocco**

**STROC INDUSTRIE**

Metal Construction

**Morocco**

**TECNUM**

Mechanical engineering precision

**Morocco**

**TRONICO ATLAS**

Tronico provides solutions at several levels, from circuit board design to global turnky solutions: product design, prototypes, circuit board manufacturing, mechanical and electronic integration, testing, through life support, etc.

**Morocco**

**SEGULA AEROSPACE-AERONAUTIQUE SEFCAM**

Production of aluminum sheet metal detail parts, creation of sub-assembly and sub-structure from the basic parts, surface treatment

**Morocco**

**SIGC**

Industrial Engineering company

**Morocco**

**SODIMATEL MAROC**

Fasteners

**Morocco**

**STILL ARCHITECTURE DEVELOPPEMENT**

**Morocco**

**TANGER FREE ZONE**

Founded in 1999, Tangier's Free Trade Zone is the most important business hub in the region. Computer engineering,automotive and aeronautic sectors, textile, mechanics, training, ...475 companies of all sizes boosted by foreign investment from the European Union, United States of America, North Africa and the Middle East have generated more than thirty different activities. Moreover, Tangier's Free Trade Zone, managed by TFZ (Tanger Free Zone) and being a subsidiary of the group TMSA, offers very attractive tax benefits.

The industrial vocation of this hub being clearly established, Tangier's Free Trade Zone (TFZ) has always prohibited polluting industries to settle. Alongside companies that are established since its creation, the industrial area regularly hosts new businesses that are attracted by its dynamics, positioning and opportunities
